## **N. Ash, 400 Block – Discussion and Possible Action of Designating Area(s) of No Parking**

Jan Brending said the city has previously discussed the issue of parking in the 400 block of N. Ash in September 2010. She said at that time the council agreed to designate the area from Oak to the first driveway as no parking, marking it with yellow paint. Brending said that due to weather conditions the area has not been marked. She said that cars have not been observed parking in the designated area. Brending said however the city has continued to receive complaints about the parking in this area and concerns that as cars come off of Highway 141 (Oak Street) they may hit a car that is stopped at the stop sign getting ready to turn onto Highway 141.

The city council discussed the issue and possible options including making the street one-way or a dead-end.

Clinton Bryan asked if there is any accident history in the specific area.

Jan Brending said she is not aware of any.

Council members asked Tony Domish if he had any comments on the issue.

Tony Domish said he could take a look at the issue and make a recommendation at the next meeting.

Council members suggested that the residents who live at the house where “no parking” would be designated should be contacted.

Clinton Bryan moved to table the issue until the next meeting when the council can receive input from Tony Domish. Guillermo Fisch seconded the motion and it was unanimously passed.

## **Treasurer’s Report – March 2011**

Jan Brending presented the treasurer’s report for March 2011. She noted that she will be presenting the 2010 Annual Report at the next council meeting.

Clinton Bryan moved to accept the March 2011 treasurer’s report. Catherine Kiewit seconded the motion and it was unanimously passed.

## **Committee and Staff Reports**

### ***Park Committee***

Catherine Kiewit and Clinton Bryan reported on the Park Committee meeting held April 25.

Clinton Bryan said he thought it was a good meeting. He said the committee talked about the garbage issue at the park and also talked about the funding for phase 2 of the skatepark. Bryan noted the city needs to raise \$95,000.

Laura Mann noted that the city contributed funds for phase 1 and feels that it is necessary to raise the funds for phase 2 instead of using city funds.

Catherine Kiewit said she has looked into some possible grants. She said she has contacted Red Bull who may have a presence at Spring Festival. Kiewit said she found a grant that would fund a larger project such as the community center which would include the skatepark. She said municipal organizations are eligible. Kiewit noted the grant is due on Friday. Kiewit said the committee had also discussed scaling back the project but that would mean losing the Tony Hawk Foundation grant.

Laura Mann asked council members if they would like to hold a special meeting just to talk about how raise the funds for phase 2. She suggested May 31 since Tuesday is a “five-Tuesday” month.

Jan Brending noted that day is the Tuesday after Memorial Day and there may be some council members, the mayor or staff who could not be present.

Catherine Kiewit said the committee identified May 14 as a possible community meeting.

Jan Brending noted that the meeting identified for May 14 was primarily with the kids who had helped design the skatepark to work with them so that they will take ownership and pride in the park and help with issues such as garbage, vandalism and inappropriate behavior or language.

The council discussed setting up a separate meeting. The council agreed to not hold the meeting on May 14 at this time and to schedule a Fundraising Plan discussion for the council’s next meeting.

Staff was asked to have the Park Committee meeting minutes typed up for the council meeting. Council members were asked to have ideas ready to discuss at the next council meeting.
